15 February 1963

ITEK Laboratories
Palo Alto, California

Attention: Mr. Reese Walker

Gentlemen:

It is requested that three complete sets of transparencies from the Vela camera system be forwarded to this office. Each set should cover different targets. Desirable targets would be an industrial complex, a city complex, and a rural area.

It is our understanding that, in the numerous flight tests you have conducted with the Vela system, there will be many original transparencies which can be furnished us for retention.

This request has been coordinated with the Vela Project Officer, Mr. Ted George of the Advanced Research Projects Agency. He is agreeable to our receipt of these photographs providing there is no cost to the program.

Sincerely,

Signed Herbert Scoville, Jr.

Herbert Scoville, Jr.
Deputy Director (Research)
